### **Notice of Business Continuity Plan**

Financial Decision Partners, LLC has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

**Contacting Us** – If after a significant business disruption you cannot contact us as you usually do, you should go to our web site at [www.fdp-planners.com](http://www.fdp-planners.com). If you cannot access us through either of those means, you should contact our custodian, TD Ameritrade Institutional at (800) 934-6124 for instructions on how it may assist.

**Our Business Continuity Plan** – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption. Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business. Our custodian backs up our important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our custodian that its objective is to restore its own operations and assist you with transactions and payments within 4 hours. Your orders and requests for funds and securities could be delayed during this period.

**Varying Disruptions** – Significant business disruptions can vary in their scope, such as only our firm or the whole region. The severity of the disruption can also vary from minimal to severe. In a disruption to only our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 8 hours. In a disruption affecting our region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 8 hours. In either situation, we plan to continue in business, transfer operations if necessary, and notify you by phone or email, if service is available, or through our [www.fdp-planners.com](http://www.fdp-planners.com). If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.
